

A woman with long dark hair is shown from the waist up, wearing a grey zip-up hoodie over a white sports bra. She is stretching her arms upwards, with her hands near the top of the frame. The background is a blurred outdoor setting with a building and trees, illuminated by the warm, golden light of a sunset or sunrise. The overall mood is serene and focused.

Progressive Pilates Academy

PPA PIII Advanced Mat Program

For us at the PPA a large component of the course is the development of a strong physical practice in the body of each Specialist we believe ownership of the complex movement patterns is the most powerful way to understanding and teaching the Pilates Advanced System.

The Advanced Pilates movements are meant to be practiced in context of a variety of movements at different levels [beginner & Intermediate] to create a balanced, dynamic workout.

As each Advanced movement / step, relates to the movement before and the movement that follows we strongly recommend that any instructor attending the course be in total command of the intermediate mat work.

Course duration 1 day [augmenting existing Pilates Mat qualification]

Students should come prepared for a lot of movement, bring any water / snacks that they may require [we will break for lunch] and should ensure they have pen / paper for any note taking.

Qualification

Diploma in comprehensive Advanced Mat Pilates [existing PPA Graduates]

Certificate in Advanced Mat Pilates [if graduate of another Pilates School]

Assessment by MP4 submitted with in 2months of course date
